India's Largest Education Fee
Financing Company

GrayQuest boosts & streamlines school fee collection at India's leading schools

So, How does it work?

More than 2500+ of India's leading educational groups across Schools, Higher Ed and Edtech companies trust GQ to boost their fee collection

How do schools benefit from implementing the GQ monthly payment program?

Boost Cashflow

School receive the entire annual fee in 1 lump sum payment at beginning of year for every parent that signs up with GQ, thus boosting their cash-flow

Eliminate Fee Collection Hassles

School admin or academic teams do not need any fee related follow ups with parents who have signed up with GQ - GQ manages all fee follow-ups with zero liability to the school in case of defaults

Boost New Admissions

Easy, accessible & affordable monthly fee payment option will boost new admissions by helping parents to manage their fee payments better & increasing their affordability

Happy Parent Community

Parents & PTA members across all our schools have been extremely happy with our convenient fee payment facility leading to a happier parent community for the school

How do parents benefit by signing up for GQ Monthly Payment Plan to pay their school fee?

Easy Monthly Payments

Parents can pay their school fee in small bite sized monthly payments rather than bulk annual/half yearly/quarterly payments which stress their cash-flows

Zero Interest

Parents do not have to pay any interest or other hidden charges - they just need to pay their actual payable school fee in equal monthly payments

Critical Illness Insurance Cover

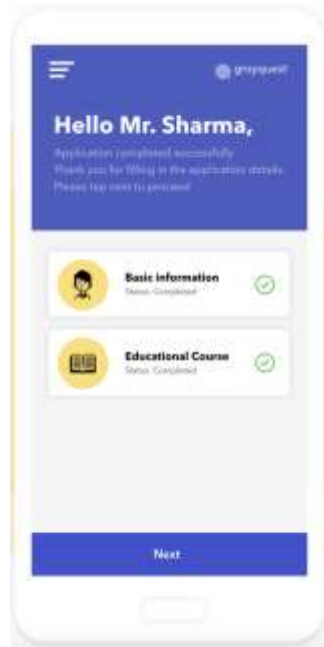

Parents choosing to pay their fee through GQ will get a Rs 10L Personal Accident and Critical Illness Cover protecting their families from diseases such as Cancer and Cardiac Arrest

50+ Rewards

Parents & PTA members across all our schools have been extremely happy with our convenient fee payment facility leading to a happier parent community for the school

We have created the most frictionless sign up experience for parents - a 2 minute, completely digital process
